An energetic and imaginative web developer who is able to work alongside other talented professionals in creating websites to high standards. I believe that web development is more than just writing code, it is to communicate and work well with others in a team, to be curious and open to criticism and different approaches, to solve problems and to never stop learning. I am an ambitious type who wants to get noticed, and has the drive and massive energy needed to really make a difference to a project.

HTML	CSS	Javascript	Reactjs	PS	AI	Git

Experience

HIG traffic systems,   AutoCAD Drawing | Sep 2020 - Feb 2021
Works closely with other CAD staff, Project Engineer and Project Leader to obtain project information and ensure that drawings are accurate.

Al Mana Qatar Design Section,   Senior Graphic Designer | Mar 2004 - Oct 2015
Advising customers on strategies to reach a certain target group, create images that identify a product or convey a message, check designs for errors before printing, and oversee project progress and develop work plans.
